FAVORITE FISH

Name: _____

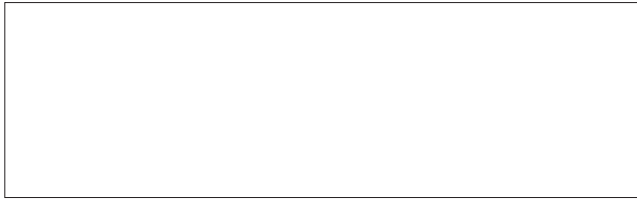

Where did you find your fish? _____

Ribbon-Shaped Fish/Green Moray Eel

Ribbon-shaped fish are long and slender. They look like they slither through the water.

Can you find and name a ribbon-shaped fish?

Draw a picture of the fish you found.

Where does this fish live?

Flat Fish/Windowpane Flounder

Flat fish are often found lying on the bottom of the ocean floor.

Can you find a place in the Aquarium where we have a flat fish hiding in the sand? _____

How does the shape of its body help it hide?

Draw a picture of yourself if you were a flat fish and the place you would like to live.

Favorite Fish

What is your favorite fish?

Use three words to describe your fish.

1 _____ **2** _____

3 _____

Where does your favorite fish live?

Why is this fish your favorite fish?

Torpedo-Shaped Fish/Barracuda

Torpedo-shaped fish can swim very fast over a short distance to catch their prey.

Draw a picture of a torpedo-shaped fish.

How does its shape help it move through the water?

Can you think of another animal that is shaped like this?

“That’s a Fish?”/Leafy Seadragon

Not all fish look alike, but they all have special ways that help them live in their environment.

Find a fish that does not look like a fish. Where does it live?

What does it look like?

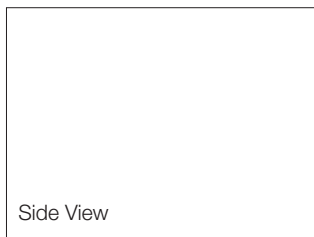

Compressed Fish/Angelfish

From the side, these fish may seem really big! But from the front, they are hard to see. These fish can live in holes and small spaces to escape from predators.

What do these skinny fish remind you of?

What would a fish an like angelfish look like from the side and the front?
