

Massachusetts Marine Educators

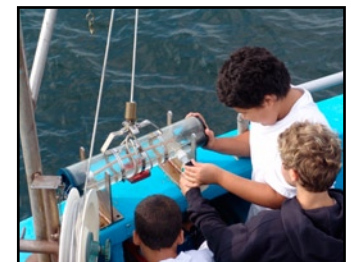

MME develops and shares curriculum materials, organizes conferences, and provides teacher training. MME collaborates with many educational organizations to create current marine science education messages. MME is a chapter of the National Marine Educators Association.

Bring the Ocean Into Your Classroom

Massachusetts Marine Educators (MME) is a dynamic grassroots organization of K through college teachers, and representatives from museums, aquaria, and businesses. Our goals are to promote ocean literacy, environmental stewardship and enjoyment of our oceans and coasts.

Check out our website for innovative classroom activities, information about upcoming events, links to other marine and coastal organizations, and other useful marine-related information, www.massmarineeducators.org

Join MME!

Bring the ocean into your classroom and support marine literacy. Complete the membership form on the back and mail it along with your check payable to MME.
